## **May 2024 Ontario Chamber of Commerce Business of the Month: Asphalt Rehabilitation Technologies**

Asphalt Rehabilitation Technologies, located in Ontario, NY, is featured by the Ontario Chamber of Commerce, Inc. as Business of the Month for May 2024.

Asphalt Rehab Tech was founded in 2014 under the parent company PRC Asphalt Maintenance LLC which was established in 2001. Longtime childhood friends, Peter Nowak and Joseph Griffin are the company's owners/operators and have grown the company considerably in recent years.

Asphalt Rehab Tech greatly extends the lifespan of pavement eliminating the need for costly maintenance and frequent overlays that municipalities and businesses would otherwise need to rely on to maintain their asphalt. How exactly is it done?

The first thing to know is that their process is not a seal coating. As pavement ages, the chemical portions of the pavement (maltenes) oxidize out. Once the chemical portions are gone, the pavement loses its ability to bind the aggregate (asphaltenes). In addition, the pavement becomes brittle, having lost its flexibility.

With the use of specialized equipment, products, and processes, the Asphalt Rehab Technologies team chemically rehabilitates the pavement by reintroducing the binding components that have oxidized out. By doing this, they keep the pavement flexible, prolonging the life of the pavement. This process saves their customers millions of dollars and reduces the carbon footprint that accompanies frequent replacement.

Taking hours of operation, traffic patterns, and work schedules into consideration, they work intimately with their customers to minimize downtime and inconvenience. Asphalt Rehab Tech currently serves school districts, municipalities, businesses, and local governments across the East Coast. Rehabbing the pavement every 3 to 5 years as part of a Pavement Sustainability Plan, their clients can expect to save tremendous amounts of time and money on annual maintenance and costly overlays.

## **June 2024 Ontario Chamber of Commerce Business of the Month: Revelle's Home Decor**

Revelle's Home Decor, located in Ontario right on NY 104, is featured by the Ontario Chamber of Commerce, Inc. as Business of the Month for June 2024.

Revelle's Home Decor was created in 2013 by Peggy & Dave Revelle. With tons of experience running craft operations and building furniture, they took the leap to open their own store and haven't turned back since. In the store, you will find pieces from more than 30 vendors, as well as Revelle's own furniture and woodcraft line. Customers from across Wayne County, Monroe County, and beyond, shop at Revelle's to find the perfect item for their home or to gift.

Shop from a variety of Amish-style furniture including coffee tables, farmhouse tables, candles, soaps, home decor, signs, paintings, and more. The majority of what you will find at Revelle's Home Decor is handmade locally and is priced affordably, eliminating the middleman with their furniture sales.

Want something custom-made for you? No worries! Signs and furniture can be made to your specifications, whether it be the size, color, wording, or general design. Dave handcrafts and finishes every piece himself from rough lumber harvested in the eastern U.S. When a client works with him they get quality at an affordable price and a friendly working relationship. He applies 25 years of mechanical engineering experience and 40 years of woodworking experience to every project.

The fun doesn't stop there! Revelle's Home Decor offers a variety of crafting classes and options for private parties to book an event at their store. Grab the kids and plan a family day or schedule a corporate team-building event! Classes are taught by a variety of vendors and Peggy herself!

Currently located in a 2000 sq. ft. retail store on NY 104, they are looking to expand in the near future to offer an even larger selection of quality handmade products. Learn more by visiting their website @ <https://www.revelleshomedecor.com/>, or give them a call at 585-831-1532. Make sure to follow them on Facebook and Instagram to stay up to date with events and deals they're running!

## ONTARIO CHAMBER OF COMMERCE TOURS K2 BREWERY

**ONTARIO.NY – June 13, 2024.** The Ontario Chamber of Commerce, Inc. was treated to a tour of K2 Bros. Brewery located at 4320 Canandaigua Road in the Town of Walworth. K2 has been open since January, 2024 in Wayne County and is owned by Kyle and Bradley Kennedy.

Our host, Brad Kennedy, was our tour guide along with Adam Cormack. The tour included a view of the large vessels used for beer and water and the machinery used for the mechanics of packaging the beer into pressurized cans. The brewing takes place in the former gymnasium of the school which accommodated the large height of the brewing vessels. The gymnasium floor was completely replaced with concrete to allow for installation of pipes and a tilt in the floor for drainage. The former cafetorium is now the taproom and restaurant area. K2 purchases hops from another local business, Cobblestone Hops owned by Cheryl Wygal located in Ontario, NY.

K2 Brewery is located on 42 acres and has big plans for expansion. The goal is to make it an adult destination playground and restaurant. They are hoping to attract events as weddings and rehearsal dinners; retirement and anniversary celebrations, birthday parties; corporate team building events and more. They have private party rooms available for your planned event. Future plans include turning some of the classrooms into Airbnb's making it a one stop shop for weddings or other celebrations giving guests a place to stay overnight. The facility shares a property line with Greystone Golf course and may add athletic fields. They plan to have rentable gaming space with a pay to play program for corn hole, duck pin bowling; and more

K2 employs between 75-80 people between the Walworth facility and the site at 1221 Empire Blvd. Hours for K2 in Walworth are: Monday – Closed; Tuesday, Wednesday, Thursday – 12 pm to 10 pm; Friday and Saturday – 12 pm to 11 pm; Sunday – 10 am to 5 pm.

Contact them to arrange a tour or plan for your special event or just stop in for a great meal! Go to [www.k2brewery.com](http://www.k2brewery.com) to view their wide selection of menu items. A catering menu will be provided upon request. Contact email: [brewmaster@k2brewing.com](mailto:brewmaster@k2brewing.com)
